PROFILE

Motivated B.Tech CSE student graduating in 2028 with a strong interest in Software Development, Artificial Intelligence, and Cybersecurity. Passionate about learning new technologies and seeking internship opportunities to enhance technical skills while contributing to real-world projects.

WORK EXPERIENCE

Internship

Edunet Foundation

- Developed Unified Emergency Alert System project, demonstrating proficiency in full-stack development.
- Managed project lifecycle from ideation to implementation, contributing to a successful outcome.
- Gained practical experience in problem-solving and collaborative teamwork within a project environment.
- Enhanced skills in coding, debugging, and system design through hands-on application.

EDUCATION

Ellenki College Of Engineering

09/2024 – 07/2028

Btech-CSE

Bachelor of Technology in Computer Science Engineering University of Technology Current CGPA: 9.0 Learned data structures, algorithms, software development principles, and AI fundamentals. Applied theoretical knowledge to solve complex real-world problems through projects.

Sri Venkateswara Junior College

06/2022 – 04/2024

Intermediate -MPC

High School Achieved 984/1000 marks, demonstrating strong academic proficiency and dedication. Key learnings include advanced mathematics, science, and critical thinking skills. This foundation is directly relevant for advanced studies and problem-solving.

G.N.H.s

06/2021 – 05/2022

SSC

High School Completed with 9.8 CGPA. Key learnings: Foundational knowledge in science, mathematics, and humanities. Relevance: Strong academic performance demonstrating a solid grasp of core subjects, preparing for further studies.
